SUBJECT : Reducing further the unit price of the WFP

In order to sell-out and preclude extensive spoilage of the canned fish received from West Germany and presently stored in your warehouses, please be advised that the unit selling price of same is being reduced from P.25 to P.10 per can, effective August 15, 1969.

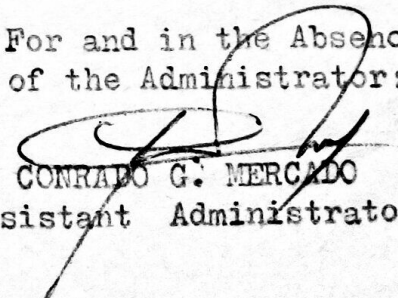

The above reduction of price is referring particularly to the fish fillet in tomato sauce or in oil and contained in flat can (net wt. 200 gr.).

The other canned fish or horse mackerel in tomato sauce, in tall can, (net wt. 155 gr.) coming from Japan is not included under this reduced price. Its unit price shall remain at P.25 per can.

Future shipment of canned fish that may arrive from West Germany shall not likewise be included under this reduced unit price.
