In a letter to the undersigned, dated May 21, 1973, the Community Chests and Councils of the Philippines, Inc. thru its President, Hon. Jose D. Drilon, requested our help, which found echo in the exhortation of the President himself, in the implementation of projects to be undertaken by the Barrio Rural Improvement Corps (BRIC). This army of volunteers, for involvement in national development under the New Society, will provide assistance to and the organization for the barrio folk to enable them to play an even more important role in the over-all growth of the country. And the NIA is one among the many government agencies counted on for its expertise and support especially along irrigation development lines, towards productively carrying out the BRIC's goals.

In this connection therefore, you are hereby urged to extend any possible assistance, whenever needed, to the local Community Chest organizations, in the successful execution of their BRIC projects.

For compliance.
