SUBJECT : Continuation of Masagana 99 Program

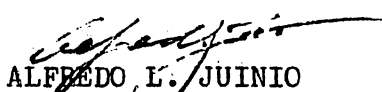

In anticipation of and in preparation for the continuation of the "Masagana 99" Program after the present rainy season rice crop is harvested, you are hereby directed to:

1. Pinpoint the exact areas which could be supplied with irrigation water during the coming Palagad season; and
2. Supply the list of farmers in the areas expected to be irrigated in our National irrigation systems and pump systems, from among whom farmer-cooperators will be selected, giving the areas to be irrigated by each farmer.

The lending institutions, the Philippine National Bank, Rural Banks and the Agricultural Credit Administration, and the Fertilizer and Pesticides Companies will grant production loans and sell fertilizers and pesticides at subsidized prices only to farmers appearing in this list. Hence, it is very important that this list will contain only the names of farmers owning or cultivating lots which we can supply with irrigation water during the Palagad season.

The provisions of MC No. 37, s. of 1973, will be adhered to by all concerned. The list shall reach this Office, Attn.: Operations Department, not later than October 1, 1973, furnishing a copy thereof to the Provincial Program Officer.

Compliance is enjoined.
