MEMORANDUM CIRCULAR

TO : ALL REGIONAL IRRIGATION ENGINEERS; OFFICERS-IN-CHARGE,  
PROVINCIAL IRRIGATION OFFICES; SUPERINTENDENTS OF  
IRRIGATION SYSTEMS; AND ALL OTHERS CONCERNED  
This Office

SUBJECT : Modification of the Functional Lines of Authorities  
and Responsibilities of Regional Irrigation Engineers,  
Chiefs of Engineering and Operations Divisions, Irriga-  
tion Superintendents and Officers-in-Charge of Pro-  
vincial Irrigation Offices

In order that lines of authority and responsibility can be simplified and attuned to the peculiar and realistic situation in the field services, it is hereby directed that all provincial offices shall be directly under the chiefs of the Engineering Divisions in their respective regions. In the same manner, all Irrigation Systems offices shall be directly under the Chiefs of Operations Divisions in their respective regions.

This modification of the lines of authority and responsibility of regional irrigation engineers has been adopted in accordance with the firm commitment agreed upon during the conference of regional irrigation engineers on August 6-11, 1973 so as to relieve them of some aspects of detailed responsibilities and allow them to concentrate on more pressing problems of policies, targets and goals. However, it should be understood that regional irrigation engineers can cut across the lines of authorities and responsibilities in the interest of the service. This means that regional irrigation engineers can, if necessity arises, exercise direct supervision, direction and control of the provincial irrigation engineers and irrigation superintendents' offices on activities that require immediate action.

This instruction does not need further formal modification in the structure of the reorganization plan and should be implemented immediately.

All regional irrigation engineers, heads of the Engineering and Operations divisions in the regional offices, as well as officers-in-charge of provincial irrigation offices and irrigation superintendents in the different systems are hereby directed to comply and adhere to this instruction until further orders.

Strict and immediate compliance is enjoined.
