MEMORANDUM CIRCULAR

TO : THE PROJECT MANAGERS, UPRP, AMIADP,  
UNDP/FAO GROUNDWATER DEVELOPMENT  
PROJECT; ALL REGIONAL IRRIGATION  
ENGINEERS; IRRIGATION SUPERINTENDENTS;  
OFFICERS INCHARGE OF NATIONAL IRRIGA-  
TION SYSTEMS AND ALL OTHERS CONCERNED  
National Irrigation Administration

SUBJECT : Masagana 99 Rice Program Phase IV

This program covers the period from November, 1974 to April, 1975 with a target area of 583,200 hectares, broken down into 549,080 hectares irrigated and 34,120 hectares rainfed in 55 priority provinces, 2 cities and 9 associate provinces.

Attached herewith is the list of provinces and cities included in the program.

As the principal responsibilities of NIA to the program, you are hereby directed to:

1. Pinpoint the exact areas which could be supplied with irrigation water during the period; and
2. Supply the list of farmers, in the areas expected to be irrigated in our national irrigation systems from among whom farmer cooperators will be selected giving the areas to be irrigated by each farmer.

The lending institutions will grant production loans and the Fertilizer and Pesticide Companies will sell fertilizers and pesticides at subsidized prices only to farmers appearing in this list. Hence, it is very important that this list will contain only the names of farmers owning or cultivating lots which we can supply with irrigation water during the period.

The provisions of Memorandum Circular No. 37, series of 1973, will be adhered to by all concerned.

The list shall be submitted direct to the Provincial Program Officer, not later than January 31, 1975, furnishing a copy thereof to this Office.

Accomplishment report on the program should be included in the O & M monthly report as shown below.
