4. ROBIN - Model FD-130

These spare parts are available at very low prices to all NIA
pump recipients subject to following conditions:

1. The recipients must have a certification from NIA provincial
mechanic that the spare parts are needed to recondition his engine.
This certification should be endorsed or noted by the PIO or RID,

2. In cases where the recipient can not personally follow up
the request, the representative should have a written authority from
the owner for him to purchase the spare parts from NIA,

3. All requests to purchase spare parts from NIA stock should
be approved by the Engineering Director and should be on a cash and
carry basis.

This information should be passed on to all pump recipients so
that when they come to the central office they have the required
papers.
