

MC # 57 S. 1982

MEMORANDUM CIRCULAR

Project/Operations Manager

TO : THE ASSISTANT ADMINISTRATORS, HEADS OF DEPARTMENTS AND
STAFFS, HEADS OF FOREIGN ASSISTED PROJECTS, REGIONAL
IRRIGATION DIRECTORS, IRRIGATION SUPERINTENDENTS,
PROVINCIAL IRRIGATION ENGINEERS, PROJECT ENGINEERS
AND ALL OTHERS CONCERNED
National Irrigation Administration

SUBJECT : Standard Features of the Official Seal of the NIA

MC # 60, S. 1978 had been issued in order to disseminate the wide-spread use of the new NIA logo in all our field offices. However, after all these years it has been observed that all kinds of odd shapes and colors have been used contrary to the standards set in the original logo.

In order to achieve an accurate and uniform standard for our official seal, you are hereby directed to check immediately all your respective logo signs and make the necessary corrections and changes according to the following specifications: 1. Shape - a perfect circle with no border as shown in attached sample; and 2. Color - white and green; (The white symbol on the green field is actually NIA carved in a style suggestive of flowing water.)

Since the logo stands for the agency, care must be taken to avoid distortion or variation in either the style or color. The circular background upon which NIA is carved should always be in brilliant green. However, in black and white printing, black may replace green or simply specify that the NIA be reversed on a circular black field as shown in Sample No. 2.

For strict compliance.

above articles will be used for the following purposes:

FICRELO R. ESTUAR
Administrator

To be used as attachment to the following:

October 7, 1982

ESTUAR
Administrator

Office of the Administrator

APPROVED:

ESTUAR
