SUPERINTENDENTS AND ALL OTHERS CONCERNED

SUBJECT : SUBMISSION OF PROGRAM OF WORK ON REHABILITATION
AND MAINTENANCE OF ALL NATIONAL IRRIGATION SYSTEMS

The Cabinet Cluster D, in its meeting on 11 January 1994, approved the recommendation of the National Economic and Development Authority (NEDA) and National Irrigation Administration for the provision of a five-year subsidy for the O & M of existing national irrigation systems (NIS). The subsidy of P220.00 per hectare of NIS service area shall be used to improve operational efficiency and prevent greater losses brought about by the degradation of the systems.

The recommendation has been endorsed to President Fidel V. Ramos for approval. The President has issued instructions to the Presidential Management Staff to prepare the necessary issuances on the grant of subsidy to NIA and other recommendations. This shall be proposed in the 1995 national budget which the government is now preparing. The proposal shall be supported by a program for rehabilitation and maintenance for each NIS, to be submitted to NEDA after the approval by the NIA Board of Directors. In this connection, you are directed to prepare and submit the programs of work for all the NIS under your jurisdiction before EO April 1994 to the Systems Management Department (SMD). The regional offices shall review and consolidate the POWs of all NIS under its jurisdiction before submitting to SMD.

For compliance.
